9. Comhfhreagras/Correspondence.
  
10. Comhdhálacha agus Traenáil/Conferences and Training

**Tairsceanna Curtha Siar (Feidhmeanna na Comhairle Contae)**

**Adjourned Motions (Kildare County Council Functions)**

**11. Councillor Íde Cussen**

That the members of Kildare Co Council state their opposition to the introduction of a pay-by-weight bin charge system which was imposed by Minister Alan Kelly in the dying days of the Government. Recognising that the introduction of green bin charges will discourage people from recycling their household waste and recognising the particular difficulties this will cause for the carers across the state who cannot recycle medical waste material, for example nappies, disposable sheets, wipes and plastic syringes, that we write to the Minister requesting that the imposition of these charges be stopped and an Independent Commission be appointed to poverty proof the measure and assess its impact upon carers as well as other groups such as those on low incomes, those in receipt of state benefits and those who suffer from ill health or a disability.

**Tairsceanna Láithreach (Feidhmeanna na Comhairle Contae)**  
**Current Motions (Kildare County Council Functions)**

**12. Councillor Seamie Moore**

That the approach by Kildare County Council, its Planning and Heritage Section and Corporate Policy Group in failing to incorporate the Historic Monuments Advisory Committee as part of a planning administrative panel to monitor, protect, report and promote the values, condition and importance of the prescribed list and unlisted historic inheritance that exists in County Kildare, is unacceptable and neglectful and its formation should be agreed forthright.

**13. Councillor Brendan Young**

In order to counter the tendency towards suburban sprawl, the planning of housing by the council will promote the construction of housing in the form of terraces (of various sized units) both for social housing and private development and will let this preference be known to developers.

**14. Councillor Carmel Kelly**

That the council provide a list of AED Defibrillators located in all public buildings in the County.

**15. Councillor Suzanne Doyle**

That this council initiate a consultation with other relevant counties in the mid east region (neighbouring counties of Dublin) to determine their satisfaction or otherwise with the distribution of road funds from National Transport Authority (NTA) and seek proposals for alternate arrangements, on foot of same seek to make submission to oireachtas transport committee for review of guidelines to which NTA work.

**16. Councillor Sorcha O'Neill**

That the council set up an internal unit to invite and assist vacant commercial properties (in mixed planning zones) owners to make necessary adaptations so as to make them compliant for residential lettings to help alleviate some of pressures in the housing crisis.

**17. Councillor Íde Cussen**

That the council outline to the members the process which resulted in the application for a Swimming Pool for North Kildare which was submitted to the Public Swimming Pool Programme in 2016 being deemed invalid.

**18. Councillor Mark Lynch**

That this council accepts the fast rate of technological change in relation to road usage; particularly in relation to navigation by sat nav's, google maps etc. and the impending driverless cars and we take into account that the amount of road signage required in future will be seriously reduced, potentially to zero. Thus to save the council both time and money, that we cease installing non critical signage and that this council only erects signage on a critical need basis. In many instances signage is being asked to be erected on a regular basis as a solution to long standing road issues without regard for the costs involved, the detrimental visual effect they have on the physical environment and the fact that they will most likely be totally needless and that we may be calling for their removal in the very near future.

**19. Councillor Mark Stafford**

That the council request the Minister for Housing Planning and Local Government to amend the Housing (Sale of Local Authority Houses) Regulations, 2015 in relation to the Incremental Tenant Purchase Scheme to exclude or reduce the requirement for a minimum amount of annual income of €15,000.00 where the intended source of funding for the purchase money is the applicants own resources.

**20. Councillor Joanne Pender**

That the council endeavour to achieve ISO50001 accreditation as part of its obligations under the public sector energy efficiency program and outline the steps prescribed in order to meet the required standards including timelines for delivery.

**Tairsceanna Láithreach (Nach feidhmeanna na Comhairle Contae iad)  
Current Motions (Non-Kildare County Council Functions)**

**21. Councillor Réada Cronin**

In light of the completely inappropriate nature of a mass trial, the length of the delay before his trial and the lack of evidence provided against him, this council calls on Egypt to immediately release Irish citizen Ibrahim Halawa and asks An Taoiseach Enda Kenny to write to the Egyptian embassy to convey our views.
