Naas Council Development Plan Review –Preparation of new Naas Town Council Development Plan 2011-2016

Eircom as a service provider of Telecommunications would like to see the following points included in the Development plan for Naas2011-2016.

1. eircom requests that in order to comply with it's USO that eircom network infrastructure requirements for any proposed new roads or developments would be included in the design and build (tendering) phase.
2. It is presently eircom policy under the U.S.O to provide stabilised path(s) to each unit in any new developments.
3. eircom requests that in the case where a substantial green field development is proposed that provision for a new eircom telecommunication node/hub be considered to facilitate the deployment of full telecommunications services to the new area.
4. It is eircom's intention to provide the option of broadband service to all its customers where economically viable.
5. Any proposed Developments that require alterations to eircom plant before proceeding should contact Eircom 's Dial before you Dig at pd bureau@eircom.ie
6. The layout of proposed new developments residential or Business units should be e-mailed to heu@eircom.ie with the following information, Development Name , Address and Developer's name.
7. Any further queries please contact Michael Roddy at 085 1742207 , or by Email at mroddy@eircom.ie
