Hi Mary

Many thanks for the workshop submissions.

It is quite comprehensive but I would make one observation.

Great concern was expressed by our group at the meeting on the lack of a regular street market in either Market sq. or Poplar Sq. The group strongly suggested that an international type market should be encouraged to set up in Naas on a fairly regular basis to create an attraction for the public to shop in Naas. The point was made that with the new shopping centre in Newbridge(Whitewater) there would not be any special reason to shop in the new shopping centre being provided in Naas unless there was some special reason for same.

This point was favourably discussed at length and the chairman wrote it up on the flip chart. However there is no mention of it in your attachment. It is therefore suggested that it be included in the plan.

Many Thanks for all your assistance.

Noel and Bridget Geary
